**As a band guide you must wear your band t-shirt. When the band arrives you are to stay with that band until they have completed their performance and returned to their busses/trucks. You are to immediately find the director and ask if anything is needed. If so, find me and I'll take care of it. You will also give them their packet with the warm up time & performance time listed. All band guides need to remain at the front of the school until their group arrives. You are to be a HELP to anyone who needs it. One upper classman is needed with each band to help the younger students learn what to do please. Those guides in the AAAA need to be in uniform and come to the bandroom ASAP.**
